

## Miscellaneous Deferred Articles.

**The Legislature.**—We copy the closing proceedings of this memorable session, together with the list of Acts devised by its wisdom. We have complained, for ten years past, of the trifling subjects upon which the time of the Legislature and the money of the people have been wasted; but we do not recollect ever to have met with such a "beggarly account" as the Captions of this year's acts present. Among those acts dignified as "Public," we would particularly call the reader's attention to the one numbered 11. It provides for a prodigious grant of public domain—not less than the matter of five acres; including the land on which the abutment of the grantee's bridge rests; and he, on his part, is to pay such a sum into the Treasury of the State, that there will be no need of borrowing for the support of government, for this year at least.

This important act was doubtless regarded as a substitute for an application to Congress for our share of the proceeds of the public Lands. What need has North Carolina of any portion of the surplus funds in the Treasury of the U. States, when she can sell five acres of her own territory, and that at such an enormous price? Who can wonder, now, that our Legislature had wisdom enough to reject the resolutions which asserted the right of North Carolina to a fund for Internal Improvement and Education, equal this year to \$500,000?

As the Legislature appears to have done, so does the Raleigh Standard, consider the quantity and not the quality of the business perfected by it. That paper says, "considering the shortness of the session, a very fair business has been done: 20 public and 133 private acts, and 32 resolutions, have been passed." If this is the test of the wisdom of our annual Legislatures, they have all been composed of perfect Solomons.

The Standard goes on—"A more liberal spirit than usual has been manifested by the present Legislature towards works of Internal Improvement in the State." How! The Standard says, by the incorporation of companies for the construction of Rail Roads, &c. The miserable attempt here made to give this Legislature credit at the expense of its predecessors, deserves to be exposed. When, then, we ask, did any Legislature ever refuse to incorporate a Rail Road Company or other company for the construction of a public work, provided the State were not asked to contribute a part of the funds? The Standard cannot, we think, lay its finger on a single instance of such refusal. The fact is, that the comparison is decidedly against the "liberal spirit" of this session. Former Legislatures have granted money for public works, and for surveys; but by this, not one cent has been appropriated for any work of Internal Improvement, so far as we can discover.—*Pay. Observer.*

**Gov. Swain.**—We concede entirely (says the Fayetteville Observer,) in the following remarks of the Raleigh Star, in relation to the appointment of Gov. Swain to the Presidency of the University. He is indeed calculated to excel in any station to which he may devote the energies of his powerful mind. He is, we presume, scarcely more than 35 years of age, and yet he has already occupied distinguished stations at the Bar, on the Bench, in the Legislature, in the gubernatorial chair, and in the State Convention. Well may North Carolina be proud of such a son. Let her cherish him. She has few more able, none more honorable or patriotic.

**FROM THE STAR.**  
Governor Swain possesses the talents and other necessary qualifications to excel in any station; and we doubt not he will apply all the energies of his highly gifted mind to the advancement of the interests of the institution over which he has called to preside; and the deep devotion to the welfare of the State, the untiring zeal, and the distinguished ability with which he has discharged the duties of the important public stations which he has hitherto filled, afford a sufficient guarantee to the friends of the University, that, under his auspices, the institution will prosper, and to the public generally, that its high reputation as a College will be well sustained.

It ought, perhaps, to be mentioned, that we understand there were 20 Trustees present at the meeting at which Gov. Swain was appointed, of whom 17 voted for him, and 3 voted blanks. And also, that it is understood that the appointment is satisfactory to the present Faculty.

**Our University.**—We are gratified to learn, from the best authority, that in no period of its past history, has this Institution been more distinguished, than during the past session, for the good order and studiousness and regular attention to business of the youth who compose it—that it has really seemed as if there had been a general consent among them to improve their valuable privileges, and to show in their treatment of their Officers, and their Collegiate habits, that gentlemanly respect and decorum which might be expected of enlightened academic youth. It is no more than justice to the present administration of the College, to give them the credit of this happy result; to ascribe it in a great measure to the kind spirit of friendly counsel which has characterized its discipline, as well as to the increasing refinement and morality of our youth. We have every reason to believe that our College has peculiar advantages for prosperity, in the quiet and retirement of

its location, the exemption of its youth from temptations to idleness and dissipation, and the general moderation and equality of fortune among our citizens, whereby their sons are preserved from ruinous habits of expenditure, and learn to appreciate their education, as their chief dependence for a livelihood. While we see Virginia on one side, and South Carolina on the other, cherishing their State Institutions with patriotic pride and maternal fondness, we cannot but think that our character and reputation as a Republic demand of us to do all in our power to patronize and elevate this our only Collegiate Institution. And now that it is about to have the command of more ample funds, and to start with new strength and éclat, by the election of a President of distinguished talents and popularity, we would invoke upon its fortunes the patriotic smiles of the good people of our State, as well as the benedictions and kind auspices of Heaven.—*Raleigh Register.*

## Resolutions passed at the late session of the Legislature of S. Carolina, respecting Gambling in the Town of Columbia.

Whereas all sound education should embrace the formation, as well of the moral as intellectual character, and it is indispensable to this end, that young men, at that tender age when their principles are unfixed, and resolutions weak, should be preserved, if possible, from the contamination of dissipating and corrupting pleasures:

Be it therefore Resolved by the Senate and House of Representatives in General Assembly met, That the Trustees of the South Carolina College, together with the Splicitor of the Southern Circuit, are hereby requested and enjoined to put into immediate and vigilant exercise, all means provided by existing laws to exterminate from the Town of Columbia and its vicinity, bawdy houses, gambling houses, and other similar nuisances, calculated to vitiate the morals, pervert the minds, and destroy the health, of the young men committed to their charge; and should existing remedies be found, on full experiment, inefficient, then that they consider of and report to the Legislature at its next session, such changes or amendments in the law as to them may seem expedient and necessary to accomplish the object.

Be it also Resolved, That the Intendant and Wardens, and the citizens generally of Columbia, be earnestly entreated, as they value the great interests of morality and religion, the decencies of life, the health and general welfare of their community, and the character especially of the important Institution established in their bosom, to co-operate by their example and by such local legislation as they may deem practicable, to suppress these most disgraceful and corrupting nuisances.

Be it further Resolved, That the Clerk of this House be directed to publish these resolutions in the Columbia papers and to transmit copies thereof to the President of the Board of Trustees of the South Carolina College, and the Hon. Intendant of the Town of Columbia.

The Supreme Court of the United States, commenced its annual term at the Court Room in the Capitol yesterday. Present, Associate Justices Story, Thompson, McLean, Baldwin, and Wayne, being all the present Members of the Court, (the offices of Chief Justice and one of the Associate Judges being vacant.) The Court, will we understand, proceed with the docket this day.—*Net. Int.* 12th inst.

The Insurance Company of Columbia, S. C., on Monday last declared a dividend of eight per cent. on their stock for the last twelve months, reserving, we understand, considerable surplus. The following named gentlemen are elected Directors for the present year:

Andrew Wallace, B. L. McLaughlin, John W. Clark, G. T. Snowden, Jas. Boatwright, Jos. Ellison, John I. Gracey, Dr. Thomas Wells, John Bryce, R. Bryce, A. Kirk, A. Blanding, W. Gregg, J. D. Tradewell, R. Sandley, T. Dickinson.

On the following day, A. Wallace, Esq., was unanimously re-elected President.—*Cal. Telescope.*

A Good Example.—A mercantile firm in Fayetteville, N. C., on hearing of the great fire in New York, immediately remitted \$30,000, with orders to anticipate the payment of all demands against them held by persons who had suffered by the fire.—*N. Y. Journal of Commerce.*

Extract of a letter from Washington.  
"Judge White is my choice above any man now in the public service. His strong common sense and uncommon firmness and experience make him a rock. He is a far better, wiser man, than Jackson, more honest than any man I know in public life, and as brave as the Hero."  
(The writer has been a flaming Jacksonian.)

The Charleston Mercury contains an extract of a letter from Col. Blanding, dated Nashville, Tennessee, Dec. 10th, stating that he has finished his business with the Legislature of that State to his entire satisfaction. The charter of the Cincinnati and Charleston Rail Road will be granted, and much stock taken by individuals at least, if not by the State.

Reappearance of the Comet.—Tutor Loomis, of Yale College, announces, in the New Haven Herald, the reappearance of Halley's Comet. It is now to be seen in the east; but not without the assistance of a telescope.

In the Message of Gov. Gayle to the Legislature of Alabama, he announced that he had made a requisition upon the Governor of New York, for the person of the Editor of the Emancipator. The Albany Argus states that the requisition has been formally made upon Governor Marry, and that "he has promptly replied, declining to comply with it."—*Register.*

## A Splendid Line of HACKS,

FROM Salisbury to Raleigh, N. C.

THE SUBSCRIBERS, anxious to afford every facility to the Travelling Public, now announce that they have completed all their arrangements, and can with truth say, We present you with a Line of Hacks possessing advantages over any other, if you wish to get on with ease and despatch—having obtained that great desideratum with all Travellers—no detention on the road. It is so arranged as to correspond, in its arrivals at Raleigh, with the departure of the following stages, viz: The Great Daily Line to Blakely, North Carolina, passing through Louisburg, Warrenton, and Halifax; at the latter place a Line of Stages communicates with the Portsmouth Railroad for Norfolk; by continuing on to Blakely, you strike the Petersburg Railroad; and on your arrival at that place you have the choice of two Lines—either by land to Washington City, via Richmond and Fredericksburg, or by Steam-Boat to Norfolk.

At Norfolk there will be no detention, as there is a line of Steam-Boats for Baltimore in connexion with this line. This line also connects with one from Raleigh to Newbern.

Leaves the Mansion Hotel, Salisbury, TUESDAY and SATURDAY at 9 o'clock, A. M.—after the arrival of the Piedmont Stage from the South—arrives in Raleigh next days at 9 o'clock, P. M.—Leaves Raleigh TUESDAY and SATURDAY at 2 o'clock, A. M., arrives in Salisbury next days by 4 o'clock, P. M.—allowing sufficient time on the road for SLEEP.

The Hacks are Albany make, entirely new, and cannot be surpassed for comfort and ease; the Teams are excellent, the Drivers careful and attentive, and the Fare low—only SEVEN DOLLARS. All intermediate distances 7 cents per mile.

Passengers from the South, who wish to take our Line, will be careful to enter to Salisbury only.

All Bundles and Packages at the risk of the owners.

WILLIS MORING, JOSEPH L. MORING.

April 11, 1835. 70-1y

The Steam-Boat Fare from Petersburg to Baltimore, via Norfolk, is Four Dollars.

## DYSPEPSIA AND LIVER COMPLAINTS.

THE PATENT VEGETABLE MEDICINE

STOMACHIC ET HEPATICE, formed by chemical analysis and synthesis of several proximate vegetable principles, are universally acknowledged to have totally eclipsed the pretensions of every other remedy, and superseded the necessity of every other mode of treatment wherever the above diseases are found to exist, as well as in the enlargement of the Spleen and in Jaundice.

Among the symptoms of Dyspepsia and Liver complaints, are flatulency, sourness or burning in the stomach, melancholy, irritability, disagreeable taste in the mouth, great irregularity of appetite, which is sometimes voracious, and at other times greatly deficient; thirst, fetid breath, nausea, weakness of the stomach, acid eructations, palpitation, drowsiness, irregularity of the bowels, pressure on the stomach after meals, pain in the head, dizziness or vertigo, confusion of mind, attended with loss of memory, a gnawing in the stomach when empty, chilliness, affliction of sight and hearing, pain and weakness in the back, languor, disturbed sleep, cold feet and hands, tremor, uneasiness in the throat, cough, pain in the side or breast, &c.

## DR. PETERS' Vegetable Anti-Bilious Pills.

Are the cheapest and most approved Family Medicine ever offered to the Public.

They are extremely mild in their operation, neither causing sickness of the stomach, nor any unpleasant sensation in the system, is too frequently the result from medicines given to act upon the bowels. They act specifically upon the Liver, when in a torpid condition, carrying off a large quantity of bile, through the influence of the excretory function, which, if suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grievous bodily affliction.

In all cases of torpor of the bowels, they act like a charm. In recent cases, Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick head-ache, have been much benefited, and several perfectly cured in a few weeks by their use. They are highly recommended as a preventative and cure of Bilious complaints. Persons who are subject to the distressing complaint, sea-sickness, by taking a portion or two of them a few days previous to embarking on board the vessel, will be almost certain to escape it. Few can use them at all periods, without incurring any risk. Their virtues will remain unimpaired for years in any climate. A family should be without these Pills, as a portion of them, taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping in a regular peristaltic action of the stomach and bowels, thus suffering to be absorbed, and mingled with the blood, unsound humors, that most diseases are produced. Dr. P. feels confident that no person who gives these Pills a fair trial, will ever feel willing to be without them. The testimony of thousands speaking in the highest terms of their efficacy, might be added, but the very high reputation Dr. P. has acquired as the inventor of the "Patent Vegetable Medicine Stomachic et Hepatic," for the cure of Dyspepsia and Liver complaints, is thought a sufficient guarantee to those wishing to make a trial of their virtues. They contain not a particle of Mercury, or any ingredient that does not act in harmony with health and oppose disease.

Dr. P. having been educated under the most eminent American and European Medical professors, and practiced his profession many years in the South, where disease of the most obstinate character prevail, considers himself well qualified to judge of the nature of diseases incident to warm climates.

Prepared by JOSEPH PRIESTLY PETERS, M. D. P. B. C. P. M. at his Institution for the cure of obstinate Diseases, by means of vegetable remedies, No. 129 Liberty-street, New York, inventor and sole proprietor. Each box contains forty Pills. Price 50 CENTS.

These invaluable Medicines are sold by Charlotte by Smith & Williams; in Concord by P. B. Barringer, and in Salisbury by John Murphey, where numerous certificates of their efficacy can be seen.
